

Dear 3HL

As we are not able to meet up in person I thought I would send you a letter to tell you a little bit about myself.

I have been teaching for 15 years and I thoroughly enjoy my job. I have always wanted to be a teacher and I love teaching at Springfield Junior School as I was once a pupil here. My wish is for all the children in my class to be happy and to look forward to coming to school. It doesn't matter if sometimes you find some things tricky as we are here to help you and as my mum always used to say to me, as long as 'you try your best' I will be happy.

My favourite subject to teach is English. I love teaching this subject as we get to share some wonderful stories in year 3 and I get to help you become fantastic writers! I also enjoy teaching creative curriculum as we study some exciting topics this year, including the Egyptians. I am looking forward to seeing you all dressed up later on in the year!

I am married to Mr Hardy (who also teaches in this school but in Year 5) and we have a little boy called Henry who will be starting school in September. When I am not in school, I enjoy spending time with my family. We like going to the beach or for walks and we have even put the tent up in the garden during lockdown and cooked our dinner on the camping stove! The best bit though was when we toasted marshmallows and squished them between two chocolate biscuits. Yummy!

Have a wonderful summer with your families and I will look forward to meeting you soon.

From

Mrs Hardy
